28	<p>February is usually such a chilly month and because of this we do not always get to go outside. We have many fun activities planned to help prevent "cabin fever"! We will be talking about shadows and hibernating animals during the first week of February, so don't forget to watch the news on February 2nd to see if we will have 6 more weeks of winter. Our color for February is pink and our shape will be a heart. The 4-5's will be introduced to the letters Vv and Xx and will review Pp, Ff, and Dd. During our literacy classes, our theme for the month will be food and we will introduce a variety of authors. On February 24th and 25th, we will have a special program presented by the Plainfield Pediatric Dental office.</p>
